Palo Alto, California

Dear Joshua,

Thank you for sending me the material regarding the Exobiology Committee. I do not think I can attend but I appreciate receiving this stuff. I will read it in advance of your meeting and if I have any suggestion I shall write you.

Best regards,

Sincerely yours,

sel/na

S. E. Luria

*We got strain W 3747 F' from Hirota.  
Could you let us know the complete  
history, especially what was on the  
endogenote?*
